

EL DORADO PET CLUB DOGGIE DAYCARE

General Information:

Dogs are extremely social animals by nature. They like nothing better than investigating new places and meeting new friends - both of the canine and human persuasion. Just like a human child, dogs learn behaviors and attitudes from their social circle. The more a puppy learns and grows in a social environment, the better adjusted and more comfortable it becomes. Exercised dogs are generally happier, more relaxed, and much more comfortable - thus our motto: "A Tired Dog is a Happy Dog". Our supervised outdoor playtime is scheduled from 9am - 5pm with breaks in between for your pet to rest and recuperate from a long and fun filled day at the dog park. At the park we have an abundance of fun with our agility equipment, shaded play areas with misters, and even a doggie swimming pool! Doggie Daycare is like a preschool for your canine child. Lots of fun, friends, and stimulation under supervision by our trained staff.

Overnight boarding at the El Dorado Pet Club is not like staying at the average kennel! We offer a private dog park that we own and maintain to maximize the ability for your furry friend to run and play all day long with other friends! Our playgroups and socialization are important parts of both our Daycare and Overnight facility. Dogs are observed and placed according to their size, energy level, personality style, and temperament. All of our clients have plenty of running room in our outside play area that offers shaded areas with misters for the summer, agility equipment, and even a doggie swimming pool!
